OUR MISSION

The Wilmington Jr. Football and Cheerleading Organization exists for the benefit of the children of this and nearby communities. We are a non-profit organization made up of dedicated people who volunteer their time and effort to helping these children. We are all here for the same reason, to teach these children the fundamentals of the game as well as how to react with their teammates and coaches. And to learn to enjoy the game so they will be willing to return year after year. Only then will they be able to excel in the sport and progress into higher levels.

Ultimately, we as teachers and you as parents can work together to help our children reach the goals that they try to attain. We believe this will help to make the transition into the High School level much easier for all involved.
